BUFFALO RESULTS.

RACE TRACK, BUFFALO, Sept. 18.—
The races scheduled to be run here this afternoon resulted as follows:

First Race—Mile and one-eighth.—
Illowaho, even and out, won; April Shower, out for place, was second; and still the plans for building the Sham-rock III. are in a most forward state, and it is certain that she will be ready for haunching much earlier than either of Fir Thomas Lipton's previous challengers. The mild steel for the plating will be specially manufactured with the view of securing minimum weight and enskimum strength and reliability. Although she will not be nearly such a costly vessel as her predecessors, no expense will be spared which will in any way increase her chances of success."

On the highest authority the Associated Press is able to say that there is no truth in the report, published in the United States by a news agency yesterday, that Sir Thomas Lipton's challenge for another series of races for the America's Cup will consist of a four-line note ending with Sir Thomas's expression of his "entire satisfaction in all respects with the admirable arrangements of the New York Yacht Club on past occasions."

The Commonwealth has introduced a half dozen witnesses by whose depositions it intends to show that the contest is a prize fight within the language of the statute, but the attorneys for the Southern Athlette Club were so well satisfied with the State's depositions that but one witness was examined by the defense, R. C. Gray, the manager, who stated in emphatic terms that it was to be a "spairing contest with an equal division of the money, each to receive the sum of \$5,000."

McGovern's manager was asked relative to the "secret agreement," and denied there was one, saying each man was to receive \$5,000 win or lose. He said there was a verbal agreement, outside the Nutmeg Club agreement, outside the Nutmeg Club agreement, outside the Southern Athlette Club will contest that the court has not the right to grant an injunction and that a boxing contest, where there is no special prize to the victor, is not a prize fight within the meaning of the law, but simply a scientific exhibition.
